

# Future Engineers Scholarship Application

Due: April 30, 2010

## **ASHRAE** Boston Chapter, established 1902

American Society of Heating, Refrigerating, and Air-Conditioning Engineers.

### **Who We Are**

The mission of the Student Activities Committee of the Boston Chapter of ASHRAE is to encourage motivated and promising young men and women to pursue undergraduate studies in the *field of engineering*.

### **Our Legacy of Promise**

It is critical to the future of all mankind that progressive societies promote, foster, mentor, and educate the engineers of tomorrow. Our responsibility as engineers means that we must encourage young people to pursue a career in engineering and that we must help them achieve excellence. Our highest goal is that the recipient of our scholarship grows and develops into a leader in the engineering field, that his or her achievement is our legacy.

### **Eligibility and Selection Requirements**

Candidates for the scholarship must be either seniors in high school or first or second year college students. Candidates must be enrolled in an *engineering curriculum*, or intend to apply to an engineering program if candidate is a high school student.

### **Mandatory Eligibility and Selection Requirements**

Candidates for the scholarship must provide a 2"x2" passport type photo and provide permission for their photo to be published in association with the scholarship.

### **Deadline and submission information**

The application due date is April 30, 2010. Scholarship notification takes place no later than June 1, 2010. If additional applications are needed, this form may be photocopied and distributed as needed.

Mail completed application materials to:

BR+A Consulting Engineers  
ATTN: Patrick Duffy
